1<sup>st</sup> October 2015

Dear Parents/Carers,

Using video footage to develop teaching and learning in school.

At All Saints we are constantly developing our practice to raise outcomes for pupils. As part of this ongoing process we are embarking on a project using video footage teaching and learning as it takes place in the classroom.

Video footage is covered by the data protection act. This footage will only be seen in school and will not be exported to social media. It will record interactions between teachers/support staff and pupils discussing learning in general classroom situations. The video material will be disposed of automatically after 30 days, however if we require to keep footage for training purposes, we will ask for specific permission from parents. No names will be tagged to images.

In the main cameras will focus on what adults are doing rather than the children.

If you would like further information about this project please contact your child's class teacher or myself and we will be happy to discuss this further.

To agree permission please complete the reply slip below and return to school by October 9<sup>th</sup>, any forms not returned by this date we will assume permission has been given.

Thank you very much for your support.

Yours sincerely

Mrs J Marshall  
Headteacher

Teaching and Learning Video Project

Child's name:.....Class.....

Please delete as appropriate:

I/we do/do not (please delete as appropriate) wish for the child named above to participate in the Teaching and Learning video project.

Signed.....(person with parental responsibility)

Print.....Date.....
